

ENGAGING FAMILIES, SUPPORTING STUDENTS

Family Philanthropy at Northeastern

WELCOME TO THE PACK

We are honored that your student has selected Northeastern University to further their pursuit of higher learning!

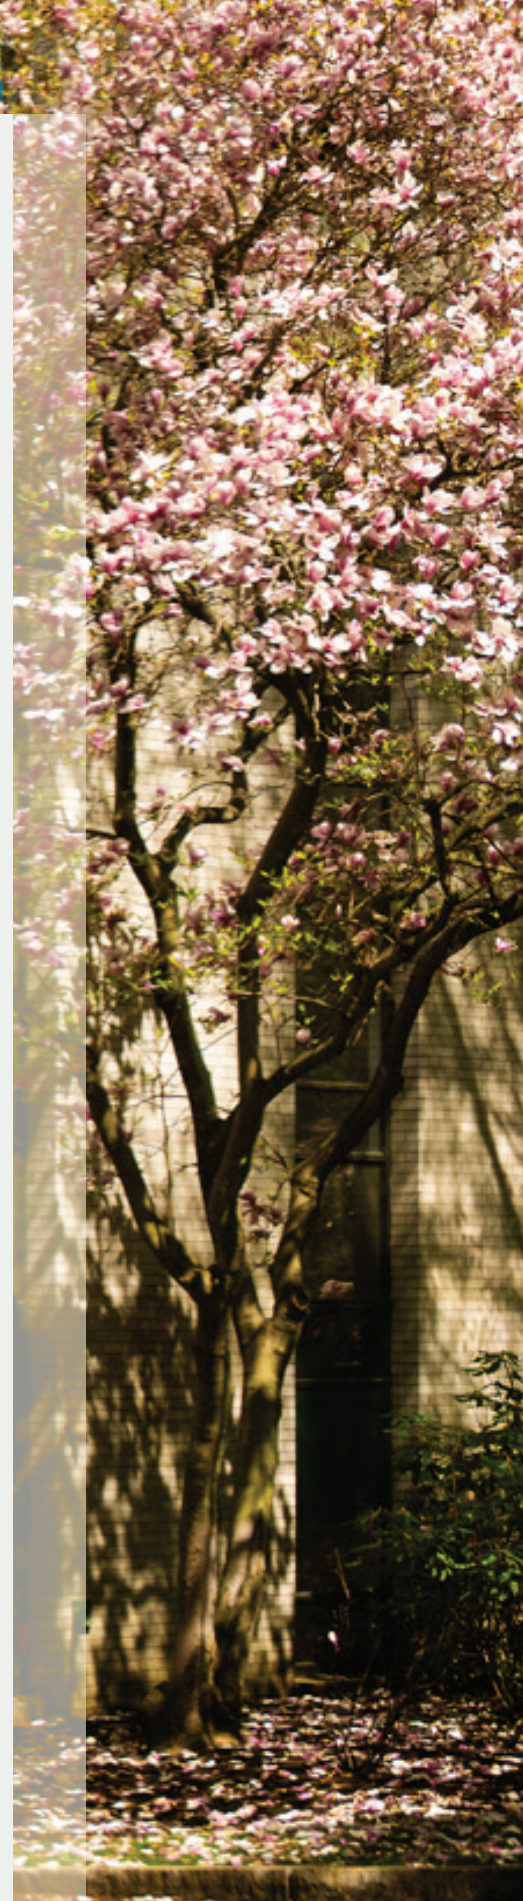

Northeastern is a dynamic institution that blends classroom learning with real-world, experiential education. We prepare global citizens for successful careers and positive societal impact. Whether through co-op, research with pre-eminent faculty, or participation in a program at one of our various campuses, your student gains invaluable skills for life.

The university's ability to provide these opportunities is powered in large part by our culture of philanthropy, in which parents and families play an integral role. Without the dedication of our donors at every level, Northeastern would not be able to elevate its offerings and deliver an education steeped in excellence. It is my pleasure to invite you to learn more about the Family Fellows program, and how you can support our mission and shape the experience of all students at the university.

The Family Fellows program recognizes those who make transformational gifts that impact various areas of the university—academics, campus life, athletics, professional experiences, and more. By becoming a Family Fellow, you are not only having a profound philanthropic impact, but you are also deepening your connection to the university and your student's experience. As your student joins their fellow Huskies in our global community, we hope that you will also find connection among the family community and consider supporting Northeastern.

Welcome once again and Go Huskies!

Joe O'Geen

THE FAMILY FELLOWS PROGRAM

The Family Fellows Program recognizes those families who make generous philanthropic contributions to support the university, establishing their family legacy and modeling philanthropy for their students. Membership provides an opportunity to participate in the growth and development of Northeastern, while fostering strong ties to your student's experience as a Husky.

Family Fellows choose their own philanthropic legacy. They make gifts to support such wide-ranging priorities as unfunded and underfunded co-ops, research awards, scholarships, global experiences, athletics, entrepreneurial ventures, and myriad other student programs. Within the Family Fellows program, we have our Parent Leadership Circle, which provides additional engagement opportunities for families. Team members are able to discuss in more detail for those interested in learning more.

Annual giving through the Family Fellows program allows you to play an important role in the financial health of the university, making a powerful statement about how much your family values a Northeastern education. As a fellow, you will:

- Witness the **real-time impact of your generous gifts** on our community
- Join your peers in **exclusive gatherings** with Northeastern's top leadership
- **Inspire other families** to support the university through your leadership
- Create a **philanthropic legacy** for your student to follow

You are an integral part of our community as your generosity directly advances and elevates the student experience. Family Fellows are parents and family members who make generous philanthropic contributions to support the university while establishing their family legacy and modeling philanthropy for their students. Family Fellows may designate to support areas of the university that align with their interests and are meaningful to them.

“We are honored and grateful to support Northeastern philanthropically and serve as chairs of the Family Fellows program. Our two Huskies have each had great and unique experiences, but the through-line is an experiential, practical focus that has brought each of them the confidence to grow, learn, and lead productive lives. We hope your experience as Husky parents is as satisfying as ours. If you’d like to learn more about supporting the school, please be in touch with us through the philanthropy team.”

—Rebecca and Larry Ehrhardt, PNT’23, ’26
Co-chairs of the Family Fellows

Program Growth

144%

Increase in Membership

From 77 families in 2022 to
188 families in 2026

Geographic Reach

Family Fellows are in **23 states**
and **6 countries**

As a member of the Family Fellows Program, you will enjoy:
